

Hey everyone!

I am Ellen from the class 6a. Today I want to talk with you about my time at home. I think it's really bad to stay at home for a long time because I get bored very quickly. In a normal school week you meet your friends too and all that, I miss ^{that} at home. I have to say that there are things to that I like about Corona holidays. You have more time to be with your family and you have time to do things that you can't do in a normal school week. For example you can go jogging or you can learn how to sew like I do. And now to the question: "What do you do in your Corona free time?"

I have lots to do when I have free. First of all my cat Bobby! He is a really sweet cat but I have to comb him and have to clean his toilet every day. Not the best job!! These things I do in the morning and then I have breakfast. In the afternoon I have "school" at home. I do the homework that we get on microsoft teams or I work on presentations. When these things are finished, then can I do nice things. I learned sewing or I go outside in our beautiful garden and help my Dad to cut ^{the} hedge. In the evening I play games with my family or we watch our

1. favourite series: modern family
on netflix. all in all it isn't bad to have
corona free! At least

Stay at home
