

My Coronavirus Experience

Hi there, Michael

I want to tell you about the coronavirus in our city. I am in quarantine right now. No, no, don't get the wrong idea, I don't actually have coronavirus. Every student is in quarantine right now. It's because of safety reasons. I personally think everyone is overreacting. Coronavirus isn't that bad. It's only dangerous for newborns and very old people. But I do understand that people don't want to have it. It's not dangerous or something, but that doesn't mean it's healthy. But there are people that think they'll immediately die if they get the coronavirus. I also don't understand this whole toilet paper stuff. Why do people intend to buy so much toilet paper? anyway, I gotta go! So see you later, and don't forget to wash your hands!
